

OLIVER WYMAN GIVES BACK

NEW YORK CHARITY AUCTION 2011: BENEFITING WYMAN WORLDWIDE HEALTH PARTNERS

Our New York office set a record by raising \$90,000 at its annual Charity Auction, held April 1, 2011, at the very elegant Pratt House. This year's beneficiary was Wyman Worldwide Health Partners (WWHPS), the non-profit organization launched by Ro Wyman, and Bill Wyman, Co-Founder of Oliver Wyman & Company, to help Rwanda improve the delivery system for comprehensive primary healthcare in rural areas.

Perhaps it was the chance to win a bobblehead doll custom-carved in the likeness of a favorite FS partner (the "Jim Wiener Bobblehead" raised \$1,000), the opportunity to "pie your manager," or maybe it had to do something with the other 104 creative live and silent auction items ... whatever the case may be, Oliver Wyman colleagues, alumni, and guests bid generously and with much gusto for a very worthy cause.
